ADVANTAGES OF USING THE ANTI-HAIL NETS:

- > PROTECTS FROM THE HAIL
- > PROTECT FROM THE BIRDS AND UNGULATORS.
- > REDUCTION OF THE COST OF VEGETATION MANAGEMENT DURING GROWTH.
- > FAST INCREASING TOWARDS THE UPPER BRANCHS WITH REDUCTION OF THE LEAF FILLING OF THE PLANTS.
- > SAVING THE INSURANCE POLICY
- > THE CONTAINMENT OF VEGETATION.
- > THE LIGHT SHADING OF THE NETS REDUCE THE SUMMER BURNS ESPECIALLY ON SENSITIVE VARIETIES SUCH AS PINOT GRIGIO, CHARDONNAY, BAROLO, MERLOT, CORVINA ETC.
- > THE NETS CAN BE LINKED IN THE WINTER PERIOD.

The installation of the nets is very easy and quickly.

The cost to cover one hectare of vineyard is extremely cheap.

Our nets are in monofilament of virgin HDPE, UV treated for a long life.
This net is very resistant and ladder proof.
The duration of the net is more than 10 years.

TOXIC FREE, agree for food contact.
